AUTEL Participates in 2014 IAAE Show

12 - 14 March 2014, Tokyo- Japan

AUTEL Intelligent Technology Co., Ltd. has lately participated in the 12th International Auto Aftermarket EXPO (IAAE 2014) held in Tokyo, Japan on March 12 to 14, 2014. At this exhibition, AUTEL presented the brand-new products MaxiSys, MaxiSys Pro and MaxiSys Mini, as well as the prestigious MaxiDAS DS708, MaxiDiag Elite series, and Special Digital Inspection Videoscopes, etc.

AUTEL introduced the new smart diagnostic system, MaxiSys/ MaxiSys Pro/ MaxiSys Mini in IAAE 2014. The new product is designed with the DNA of Autel's diagnostics family, it's not only built to offer many of the prestigious qualities of the MaxiDAS DS708 with extreme ease of use and powerful diagnostic performance, but moreover, has evolved far beyond the original capabilities. During the show, hundreds of visitors were attracted to the booth and tried out the new products. The brand-new smart diagnostic system was the focus of attention, and had aroused strong and popular interest among the visitors.

ABOUT the 12th International Auto Aftermarket EXPO (IAAE 2014)

IAAE 2014, one of the largest trade show for automotive & electronics in Asia, is the most important professional show for automotive parts and aftermarket in Japan. It runs over 3 days and covers a great number of new products from automotive parts to maintenance to mechanical equipment. The event had successfully attracted professional visitors from all around Japan.
