AUTEL Showcases MaxiSys at Automechanika Dubai

3 - 5 June 2014, Dubai

AUTEL Intelligent Technology Corp., Ltd. has lately participated in the 12th edition of Auomechanika Dubai (2014) from June 3rd to 5th. At this exhibition, AUTEL presented its innovative Automotive Smart Diagnostic & Analysis System - MaxiSys, MaxiSys Pro and MaxiSys Mini, as well as the prestigious MaxiDAS DS708, MaxiDiag Elite series, and Special Digital Inspection Videoscopes, etc.

The MaxiSys series products are designed with the DNA of Autel's diagnostics family, it's not only built to offer many of the prestigious qualities of the MaxiDAS DS708 with extreme ease of use and powerful diagnostic performance, but moreover, has evolved far beyond the original capabilities. During the show, hundreds of visitors were attracted to the booth and tried out the new products. The brand-new smart diagnostic system was the focus of attention, and had aroused strong and popular interest among the visitors.

ABOUT the 12th Automechanika Dubai (2014)

With a space of over 56,000 sqm the show in Dubai is one of the largest among all Automechanika fairs worldwide. It's one of the flagship events and continues to grow from strength to strength every year in the Middle East market. It runs over 3 days and covers a great number of new products from automotive parts to maintenance to mechanical equipment. The event had successfully attracted professional visitors from all around the world with over 1,600 exhibitors from 59 countries.
