AUTEL at PAACE Automechanika Mexico City 16 - 18 July 2014, Mexico City

AUTEL Intelligent Technology Corp., Ltd. has lately participated in the 16th edition of PAACE Auomechanika Mexico City (2014) from July 16th to 18th. At this exhibition, AUTEL presented its innovative Automotive Smart Diagnostic & Analysis System - MaxiSys, MaxiSys Pro and MaxiSys Mini, as well as the prestigious MaxiDAS DS708, MaxiDiag Elite series, and Special Digital Inspection Videoscopes, TPMS Series.

During the show, hundreds of visitors were attracted to the booth and tried out the new products. The brand-new smart diagnostic system was the focus of attention, and had

aroused strong and popular interest among the visitors. Many visitors even placed the order as soon as they tried the tools.

ABOUT the PAACE Automechanika Mexico City (2014)

The 16th edition of PAACE Automechanika Mexico City, the largest and most important trade show in Mexico and Central America for the automotive aftermarket, was held at Centro Banamex in Mexico City from July 16-18, 2014. The event concluded with 500+ participating exhibitors from 20+ countries, and 20,000+ visits from professionals in the automotive industry. Country pavilions from across the globe included Argentina, China, Germany, Turkey, Taiwan and the United States. The visitors represented 37 countries across three continents.
