

Autel Europe GmbH

Founded on July 15, 2014 in Düsseldorf

Autel is pleased to announce that its subsidiary company - Autel Europe GmbH - was founded on July 15, 2014, with its registered office in Zülpicher Straße 5, 40549 Düsseldorf, Germany.

Company Mission

As one of the world's leading manufacturers and suppliers of professional automotive diagnostic tools, equipments and accessories, Autel Corporation is determined to provide users across all geographic areas with convenient access to its products and services. Autel Europe GmbH, as its window towards the European market, is committed to fulfill this mission by offering a full line of Autel products, with professional tech supports and in-time services.

Company Vision

“Value the spirit of perseverance and innovation” is what we have always been bearing in mind to create genuine and lasting value for everyone involved by providing customers with superior products and services, employees with excellent work and advancement opportunities and shareholders with maximum profits. This great investment of Autel Europe GmbH remarks a brand new chapter of Autel’s long term effort in Europe.
