

Region	Software	Make	Description	Pro Series	908 Series	906 Series	MX Series	AP200	Ultra
Global	DIAGNOSIS	Hyundai	<p><b>Version: V3.00</b></p> <p><b>Highlights:</b></p> <p>1. Upgrades all models of Hyundai and Kia from 2008 to 2021 in ten regions , including 2021 SONATA (DN8C), ix35 (Nu), K5 (DL3C), the fourth generation of TMC, Fiesta SQ EV, the new TLC, the new generation of ix25 (SU2), plug-in hybrid LFC PHEV, etc. Adds 1090 ECUs, including version information, read codes , clear codes, freeze frames, live data, active tests, etc.</p> <p>2. Upgrades special functions created from 2008 to 2021, such as SJB test, variable oil pump test, parameter setting, automatic variable coding, transmission learning, transmission initialization, DCT manual input function (transmission replacement), etc. Adds oil pressure characteristic input (A/T replacement) and QR code scanning.</p>						√
Global	DIAGNOSIS	Chrysler	<p><b>Version: V2.50</b></p> <p><b>Highlights:</b></p> <p>1. Supports secure gateway unlocking in Europe.</p> <p><b>Content:</b></p> <p>1. Improves special functions for all 2019 models, including oil reset, ABS emission, throttle matching, mileage reading, etc.</p> <p>2. Supports diagnostics for 2020 D2-Ram 3500 Pickup, DJ-Ram 2500, DS-Ram 1500, DT-Ram 1500, JL-Wrangler, JT-Gladiator, K8-Grand Commander, KL-Cherokee, LX-300, Charger, Magnum, LD-Charger, MP-Compass, RT-Caravan, Voyater, Town &amp; Country, RU-CHRYSLER PACIFICA, VF-ProMaster, WD-Durango and WK-Grand Cherokee.</p>						√
Global	DIAGNOSIS	Toyota	<p><b>Ultra V2.10</b></p> <p>1. Improves multi-language support and updates Spanish, Portuguese and Russian.</p> <p>2. Updates the help information in car selection menu in Italian language.</p>		√				√
Global	DIAGNOSIS	Toyota	<p><b>Ultra V2.50</b></p> <p>1. Optimizes vin code locating in Japan.</p> <p>2. Adds special functions such as memory relocation and so on for engine of 2018+ PIXIS Truck/Van and adds 87 special functions such as automatic emission and so on for YARIS HV, etc.</p> <p>3. Supports PROACE models.</p> <p>4. Optimized Japanese translation.</p>		√				√

Global	DIAGNOSIS	Suzuki	<p><b>Ultra V2.00</b></p> <p>1. Adds Crosby and other 11 models; Supports 14 basic ECU functions such as version information, read/clear codes, freeze frame, live data and so on for models up to 2020.</p> <p>2. Adds 88 new special functions, which covers 100% of commonly used special functions such as ECM replacement, air-fuel ratio learning, automatic emission, camera calibration, engine brake adjustment, replacement of high-voltage battery controller, etc.</p> <p>3. Adds 78 items of active test and optimizes functions of active test and live data.</p> <p>4. Optimizes the menu of car models and improves the accuracy of locating.</p>							√
Global	DIAGNOSIS	Nissan	<p><b>Ultra V2.50</b></p> <p><b>Highlights:</b></p> <p>1. Support online coding backup and restoration of full system and single system.</p> <p><b>Content:</b></p> <p>1. Supports vehicle models up to August 2020.</p> <p>2. Supports special functions and active tests for 98% models.</p> <p>3. Upgrades coding and adds RC, SPC and ONC modes.</p>	√	√	√				√
Global	DIAGNOSIS	DAIHATSU	<p><b>Ultra V1.60</b></p> <p><b>Highlights:</b></p> <p>1. Supports 11 basic ECU functions such as version information, read/clear codes, freeze frame and live data for Rocky, Grand Max, taft and six other models up to 2021.</p> <p>2. Adds 103 special functions such as Push type card key registration, Push type card key additional registration and Push type card key delete registration, which covers 100% commonly used special functions and 38 more functions than competing products.</p>							√
Global	DIAGNOSIS	Subaru	<p><b>Version: V2.50</b></p> <p><b>Highlights:</b></p> <p>1. Adds 1 new model, 5 new systems, 72 active tests and 50 new customizations.</p> <p>2. Adds cancel code function.</p> <p>3. Adds 4 new energy systems, including auto scan, read/clear codes, freeze frame, live data and active test.</p> <p>4. Adds 69 special functions.</p>							√

Global	DIAGNOSIS	LandRover Jaguar	<p><b>Version:</b> V2.50</p> <p><b>Highlights:</b></p> <ol style="list-style-type: none"> <li>1. Adds functions of version information, read/clear codes, freeze frame and live data for 2020 Defender and other 14 models.</li> <li>2. Adds function of active test for models after 2018.</li> <li>3. Adds special functions such as maintenance message reset, diesel particulate filter replacement, injector replacement, odometer calibration, height calibration, vehicle reset, transfer case replacement, enable/disable transport mode, throttle actuator position memory, retain first memory value update, camera calibration and so on for models after 2018.</li> <li>4. Adds special functions such as key programming, height calibration, diesel particulate filter replacement, reset adaptive value and so on for 2006-2017 models.</li> </ol>	√ Version number : V8.50 (2021- 1-20)	√ Version number: V8.50 (2021- 1-20)	√ Version number: V8.50 (2021- 1-20)	√ Version number: V2.00 (2021-1- 30)	√ Version number: V2.50 (2020- 12-30)
Global	DIAGNOSIS	Mazda	<p><b>Version:</b> V3.50</p> <p><b>Highlights:</b></p> <ol style="list-style-type: none"> <li>1. Adds diagnostic function for 2019-2020 Mazda3 and 2020 CX-30.</li> <li>2. Adds special functions such as DPF regeneration, ABS emission, PCM learning value reset, sensor initialization, ADAS calibration and so on for 2019-2020 Mazda3 and 2020 CX-30.</li> </ol>	√ Version number : V7.60 (2021- 1-30)	√ Version number: V7.60 (2021- 1-30)	√ Version number: V7.60 (2021- 1-30)		√ Version number: V3.50 (2021-1- 10)
Global	DIAGNOSIS	Gm	<p><b>Version:</b> V3.00</p> <p><b>Highlights:</b></p> <ol style="list-style-type: none"> <li>1. Adds Repair Assist function for 2010-2019 Chevrolet Cruze models.</li> </ol> <p><b>Content:</b></p> <ol style="list-style-type: none"> <li>1. Adds Repair Assist function for 2010-2019 Chevrolet Cruze models.</li> <li>2. Fixes some software issues.</li> </ol>					√
Global	DIAGNOSIS	BMW3 Series	<p><b>Version:</b> V4.20</p> <p><b>Highlights:</b></p> <ol style="list-style-type: none"> <li>1. Supports display of wiring diagrams, help files, DTC analysis and so on in intelligent diagnostics to precisely locate and efficiently solve vehicle problems.</li> </ol>					√

Global	DIAGNOSIS	Porsche	<p><b>Version:</b> V2.00</p> <p><b>Highlights:</b></p> <p>1. Adds new models, optimizes functions and improves diagnostic efficiency.</p> <p><b>Content:</b></p> <p>1. Adds new models like 992, 918 and Taycan, which are compatible with the original models such as 9PA, 92A, 9YA, 970, 971, Macan and 981_991, enhancing product competitiveness.</p> <p>2. Optimizes the original execution process of diagnostic function and improves the diagnosis efficiency.</p> <p>3. Adds functions of oil reset, suspension and EPB</p> <p>4. Optimizes display of the menu and function names to improve user experience.</p> <p>5. Fixes programming issues for some models.</p>		√				√
