

AUTEL Launches New Products

At the 2013 Frankfurt Automechanika

AUTEL Intelligent Technology Co., Ltd. has participated in the 2013 Frankfurt Automechanika, held from Dec. 10 to 13, 2013 in Shanghai China at booth W3C63. Autel presented the brand-new products MaxiSys and MaixSys Mini, as well as the prestigious MaxiDAS DS708, MaxiDiag Elite series, and Digital Inspection Videoscopes, etc.

AUTEL introduced the new smart diagnostic system, MaxiSys/MaxiSys Mini in the Frankfurt Automechanika. The new product is designed with the DNA of Autel's diagnostics family, it's not only built to offer many of the prestigious qualities of the MaxiDAS DS708 with extreme ease of use and powerful diagnostic performance, but moreover, has evolved far beyond the original capabilities. During the show, hundreds of visitors were attracted to the booth and tried out the new products. The brand-new smart diagnostic system was the focus of attention, and had aroused strong and popular interest among the visitors.

2013 Top Ten Chinese Automobile Service and Maintenance Industry Award

On the same day of the exhibition's opening, AUTEL has been rewarded the "Top Ten Influential Brand" title at the "2013 Top Ten Chinese Automobile Service and Maintenance Industry" award ceremony, organized by HuiCong.

About the Frankfurt Automechanika Shanghai Show

The Automechanika is the leading international meeting place for the automobile sector. This year, Automechanika Shanghai has attracted a record of 1680 participating exhibitors from 29 countries and 68,621 visitors from 86 countries. The record number of pavilions continues to strengthen Automechanika Shanghai's international position as the leading trade fair for automotive parts, accessories, equipment and services in Asia.
