AUTEL Intelligent Tech Launches New Products

at the AMR 2014

AUTEL Intelligent Technology Co., Ltd. has lately participated in the AMR 2014 (Auto Maintenance & Repair Expo) Beijing at Booth E1H02 on February 26 to 28, 2014. At this exhibition, AUTEL presented the brand-new products MaxiSys, MaxiSys Pro and MaxiSys Mini, as well as the prestigious MaxiDAS DS708, MaxiDiag Elite series, and Special Digital Inspection Videoscopes, etc.

AUTEL introduced the new smart diagnostic system, MaxiSys/ MaxiSys Pro/ MaxiSys Mini in the AMR 2014. The new product is designed with the DNA of Autel's diagnostics family, it's not only built to offer many of the prestigious qualities of the MaxiDAS DS708 with extreme ease of use and powerful diagnostic performance, but moreover, has evolved far beyond the original capabilities. During the show, hundreds of visitors were attracted to the booth and tried out the new products. The brand-new smart diagnostic system was the focus of attention, and had aroused strong and popular interest among the visitors.

ABOUT THE VISION AWARDS

VISION Hi-Tech Training & Expo is hosted by ASA, the largest not-for-profit trade association of its kind serving automotive service professionals. ASA is dedicated to and governed by independent automotive service and repair professionals. ASA's international membership base includes numerous affiliate, state and chapter groups from both the mechanical and collision repair segments of the automotive service industry.
