## **MaxiSys Pro Awarded “Best New Product” in 2014 Annual VISION Event**

**Presented on March 10, 2014 Awards Event held at VISION Hi-Tech Training & Expo**

**Shenzhen, China (March 14, 2014)** – Autel is proud to announce today that MaxiSys Pro has been rewarded “Best New Product” from the event’s new product showcase in the 2014 Annual VISION Awards. Hailed as one of the Automotive Industry’s leading events, VISION Awards is the primary international award honoring achievements and excellence in the industry.

### **ABOUT MAXISYS PRO:**

Being the world first Android based smart vehicle diagnostic product, MaxiSys Pro has set the standard for innovation and creativity in the industry. Designed with the prominent DNA of Autel’s diagnostics family, MaxiSys Pro not only features the prestigious qualities of the MaxiDas with extreme ease of use and powerful diagnostic performance, but achieves a technological breakthrough far beyond the original capabilities.

With a powerful A9 Quad-Core Processor, beautiful capacitive touch display, ultrafast wireless, multitasking Android OS, combined with the most extensive coverage of OE-level diagnostics, means never compromising on automotive diagnostics again.

### **ABOUT THE VISION AWARDS:**

VISION Hi-Tech Training & Expo is hosted by ASA, the largest not-for-profit trade association of its kind serving automotive service professionals. ASA is dedicated to and governed by independent automotive service and repair professionals. ASA’s international membership base includes numerous affiliate, state and chapter groups from both the mechanical and collision repair segments of the automotive service industry.

"To strive for and promote professionalism and excellence within the independent

automotive service industry through education, training, support, mentoring and fellowship of all members."

**ABOUT AUTEL:**
