

## **MaxiSys Pro Audi V9.00 2017-01-11**

1. Optimized model menu to allow users to perform test by model and by system for models up to 2017 such as A5 2017 and Q2 2017.
2. Added Transport Mode and Injector Matching function in Hot Functions.
3. Optimized Oil Reset and EPB function, and added Auto Reset and Brake Pad Replacement (Operation Guide).
