

Region	Software	Car Make	Description	US 908CV	US 906CV	CN 908CV	CN 906CV	Europe 908CV	Other regions 908CV
US, Europe and other regions	MaxiSys CV	Mercedes Benz	Version: V6.00 Highlights: 1. Upgraded models including Arocs (964), Antos (963), Actros (963), Atego (967) and Econic (956): upgraded ECU Information, Read/Erase Codes, Live Data, Active Test, Coding and learning functions, and added Freeze Frame. 2. Added Zetros (959): supports ECU Information, Read/Erase Codes, Live Data, Active Test, Coding, learning functions and Freeze Frame; and supports service functions, including Diesel Particulate Filter, Maintenance, Cylinder shut-off, Actuation of ABS solenoid valves with brake test stand, Transfer of tire pressure specified values, Teach-in of straight-ahead position and ESP teach-in process.	√				√	√
US, Europe and other regions	MaxiSys CV	Scania	Version: V4.00 1. Supports models up to MY2019 and up to Euro 5/6. 2. Added basic functions, active tests, special functions and coding of 8 systems, including CCC, CTS, EACS, EHS, EQU, FSS and SRC. 3. Added 520 active tests and special functions, including bleeding of the hydraulic system, calibrating the kickdown level, cylinder output test, deactivation of service mode, exhaust gas aftertreatment - hydrocarbon evaporation and resetting self-learned parameters.	√				√	√
Europe and other regions	MaxiSys CV	Man	Version: V2.00 1. Now supports models up to 2020. 2. Added CLA, bus/coach/chassis with TEPS, TGA, TGL / TGM, Hybrid bus, TGX/TGS, bus/coach chassis without TEPS 3. Added 1412 functions, including Oil Reset, IMMO system, Key Learning, Steering Learning, Transmission Learning, Aftertreatment, Injector, Cylinder, Speed and capacity.					√	√
Europe and other regions	MaxiSys CV	Daf	Version: V4.00 1. Added Freeze Frame function of 37 systems, including engine, aftertreatment and transmission of models up to 2019; 2. Added Hot Functions to MY2019 models; 3. Now supports XF F7 BH and CF F7 BH; 4. Now supports ECU Information, Read/Erase Codes, Freeze Frame and Live Data of 9 systems, including ECASS, CMR, CMF, FMS and TraXon; 1) Supports 1 active test of ECAS5: Drive axle; 2) Supports 12 active tests of AGCA, including Failure lamp, Pressure control solenoid valve 1, Reverse light indicator, Shift solenoid control Shift solenoid 1 and TCC (Torque converter clutch) PCS (Pressure control solenoid) Control; 3) Support 10 active tests of TraXon, including Solenoid valve 1 for compressed air supply, Splitter group solenoid valve, Gear shift solenoid valve, Gate cylinder, Clutch control slow, Transmission brake and Clutch stroke; 4) Supports 3 special functions of TraXon, including Clutch position calibration, Reprogramming of the control unit and Slope sensor calibration; 5. Added 1 special functions to PCI: Disable automatic engine shutdown.					√	√
Europe and other regions	MaxiSys CV	Renault	Version: V6.10 Highlights: 1. Supports 14 models, including ACCESS, C 2STEPS, C(RT), D ACCESS, D NARROW, D WIDE, K(RT), KERAX, KERAXMIL, MAGNUM, MIDLUM, PREMIUM, T and T HIGH. 2. Added 8 hot functions, including Oil Reset, IMMO system, Key Learning, Steering Learning, Transmission Learning, Aftertreatment, Injector, Cylinder, Speed and Capacity.			√		√	√

US, Europe and other regions	MaxiSys CV	Iveco	Version: V2.00 Highlights: 1. Now supports PowerDaily; 2. Now supports VCM, Driver Assistance Systems, Telematic and Pneumatic/ Hydraulic Systems; 3. Added 395 functions, including Engine revolution test, Fuel level test, Coolant temperature level test.	√				√	√
Europe and other regions	MaxiSys CV	Heuliez	Version: V2.00 Highlights: 1. Supports Braking Systems, Suspensions, Multiplexer, Telematic and VCM; 2. Added 63 functions, including ATS test and Oil change.					√	√
US, Europe and other regions	MaxiSys CV	FPT	Version: V2.00 Highlights: Added 59 functions, including UDST (AdBlue Dosing System Test), AdBlue tank replacement, ATS test and Fan actuator test.	√				√	√
Europe and other regions	MaxiSys CV	Astra	Version: V2.00 Highlights: 1. Added Multiplexer and VCM; 2. Added 83 functions, including ATS test, Fan actuator test and Smart alternator test.					√	√
Europe and other regions	MaxiSys CV	Daily	Version: V2.00 Highlights: 1. Supports Iveco Global (Except Latin America) and Iveco Latin America; 2. Supports Telematics/Body Assembler, Pneumatic/ Hydraulic Systems and Electrical Systems; 3. Added 242 functions, including Parking sensors test, ADR counter reset and Heater test.					√	√
US, Europe, China and other regions	MaxiSys CV	Ford	Version: V2.10 Highlights: 1. Now supports models from 2 nd half of 2019 to 1 st half of 2020 (Escape, F-150, F-650, F-750 and Transit); 2. Now supports Escape, Mariner and Excursion; 3. Added 15 special function of DPF and SCR.	√		√	√	√	√
Europe and other regions	MaxiSys CV	Ford	Version: V2.10 Highlights: 1. Now supports models from 2 nd half of 2019 to 1 st half of 2020 (Escape, F-150, F-650, F-750 and Transit); 2. Now supports Escape, Mariner and Excursion.			√			
Europe and other regions	MaxiSys CV	Irisbus	Version: V2.00 Highlights: 1. Now supports EuroClass, Myway, FR1/tracer Euro2, R312 and Turbocity; 2. Supports Pneumatic/ Hydraulic Systems, Telematic, VCM and Telematics/Body Assembler; 3. Added 300 functions, including Catalytic converter replacement and UDST (AdBlue Dosing System Test).					√	√
US, China and other regions	MaxiSys CV	Dodge	Version: V1.30 Highlights: 1. Upgraded functions of Arocs(964), Antos(963), Actros(963), Atego(967) and Eonic(956): upgraded ECU Information, Read/Erase Codes, Live Data, Active Test, Coding and Learning functions, and added Freeze Frame; 2. Supports Zetros (959): ECU Information, Read/Erase Codes, Freeze Frame, Live Data, Active Test, Coding and Learning functions, and supports functions including Diesel Particulate Filter, Maintenance, Cylinder shut-off, Actuation of ABS solenoid valves with brake test stand, Transfer of tire pressure specified values, Teach-in of straight-ahead position and ESP teach-in process.	√		√	√		√

US	MaxiSys MS906CV	Wabco	Version: V1.50 Highlights: 1. Added basic functions of Trailer ABS and Trailer RSS, including ECU Information, Read/Erase Codes and Live Data. 2. Added active tests, including Valves, Sensor Test, Pressure Test, Redundancy Test, Lamp Test, Suspension Calibration, Stop Light Activation, Level 2 Function and Begin Sign-off Procedure. 3. Added special functions, including Service Information, Tire Calibration, Reconfigure ABS, Lift Axle Type, Plant Location, GIO Configuration, Service Information, Tire Calibration, Save EEPROM Data and Reset ECU.		√					
US	MaxiSys MS906CV	Haldex	Version: V1.60 Highlights: Added 7 systems of PLC series, including PLC SELECT 2M PLUS – B, PLC SELECT 2M – B, PLC SELECT 2M, PLC SELECT – B, PLC SELECT, PLC PLUS and PLC: Active tests: Test Trailer ABS Lamp, Test In-Cab Trailer ABS Lamp and Extend Diagnostics. Special functions: Administrator Function, Odometer Value and ScratchPad.		√					
US	MaxiSys MS906CV	Bendix	Version: V1.40 Highlights: 1. Added Active Test function of A18, including Modulators, Lamps, Sensors, Miscellaneous; and special functions, including Controller configuration and Reset ABS Controller; 2. Added Active Test function of TABS6, including Modulators, Lamps, Sensors, Miscellaneous and Installation Test; and special tests: Reset ABS Controller and Controller configuration; 3. Added Active Test function of TABS6 Advanced CAN, including Sensors, Modulators, Pressure, TRSP system and Miscellaneous.		√					
US	MaxiSys MS906CV	Wabash	Version: V1.10 Highlights: 1. Added MBS-1, MBS-2 and MBS-1P system: Active Test: ABS Warning Lamp Circuit Test, Trailer Warning Lamp Circuit Test and Backup Lamp Circuit Test. Special Function: Trailer Unit Number, Trailer VIN, Accessory Control Function and Trailer Manufacture Date.		√					
US, Europe, China and other regions	MaxiSys CV	Sprinter	Version: V5.00 Highlights: 1. Added ECU Information, Read/Erase Codes and Service functions of Chassis 470 and 909. 2. Supports models up to 2020.	√		√	√	√	√	√
